

Technical Data	U.S. Units	Metric Units
Cavity	T-162A	
Body Features	Out of T	
Body Type	Sandwich	
Interface	ISO 03 - 30mm	
Open Cavity Quantity	1	
Stack Height	1.19 in.	30 mm
Weight	0.429 lb.	0,195 kg.
Seal Plate Included (see notes)	No	

1. Important: Carefully consider the maximum system pressure. The pressure rating of the manifold is dependent on the manifold material, with the port type/size a secondary consideration. Manifolds constructed of aluminum are not rated for pressures higher than 3000 psi (210 bar), regardless of the port type/size specified.
2. Seal retainer plate is not required for this model.
3. This drawing is for reference only. It is generated by an automated process and does not fall under Sun's document control process.
